Welcome to the Boulder JCC Preschool!

The Boulder JCC Preschool provides quality early childhood education in which learning is facilitated through play and inquiry. Children explore their environment using dramatic play, music, art, sensory experience, movement and language. We incorporate Jewish cultural activities into our curriculum throughout the year. The Boulder JCC Preschool Program is designed to enhance the social, emotional, linguistic, cognitive and physical development of each child. Individual learning styles are respected and encouraged, by providing the necessary time to explore, problem solve and create. Our school offers opportunities for exploration and discovery in a play-based environment. We strive to nourish children's innate sense of curiosity, wonder and inquiry.

Please read below to see which group is appropriate for your child.
